

CLIENT CASE STUDY >>>

Designing and Implementing a Technical Specification Report with an Optimized ADS Template

CHALLENGE

An **existing Leasepoint® customer** wanted to develop a customized and branded Technical Specification report and aircraft data sheet (ADS).

Zeevo professionals worked with the lessor to **design, develop, and install a Technical Specification report and an optimized ADS template** for use when collecting up-to-date aircraft data.

>>> APPROACH

- ▶ Designed, developed, and configured a new custom branded ADS that optimized the details displayed and the available data input fields
- ▶ Developed a custom Technical Specification SSRS report to deliver the requested report requirements

>>> OUTCOME

- ▶ The client benefited from the ease of data collection through a custom-designed and branded ADS template
- ▶ The new SSRS report is available to generate Technical Specification reports on-demand as an installed Leasepoint® or stand-alone report

ZEEVO'S VALUE ADD

- ▶ In-depth knowledge of Leasepoint®, including the underlying data model
- ▶ Subject matter specialization to design and implement the new ADS template for use in Leasepoint®
- ▶ Designed, developed, tested, and implemented the new Technical Specification SSRS report
